PRICE, \$1.00 PER YEAR

GENERAL NOTES.

The election for governor in Arizona was so close at the recent election that it will take the official count to determine who is to occupy the gubernatorial mansion.

An explosion in a Russian ammunition plant has caused the death of about 1,000 persons, according to the Overseas News Agency, quoting the Russian newspaper Rech.

Col. Roosevelt has canceled his trip to the South Sea Islands and will join a party on a devil fish hunting expedition to the Caribbean sea. Look out for the "discovery" of an Island of Doubt.

A car load of 6,000 live quail en route from Mexico to Pittsburg, passed through Palestine, Texas, Saturday. It was said the quail will be liberated on a Pittsburg club's preserve several miles from that city.

An official Berlin statement says: "Our Flemish naval forces Friday night stopped the Dutch steamer Caledonia and the Brazilian steamer Rio Pardo, both on the way to England with cotton, and brought them into harbor."

With Mrs. Wilson's permission one of the new silks has been given the name of "Shadow Lawn" green. It is a rather pale emerald with a good deal of blue in it and is being used in making the new sport suits for Southern wear.

Sir Albert H. Stanley, who is slated for a place in the new British cabinet, rose from a chore boy in the Detroit United railways stable to his present position as

director general of the motor transportation of the British army.

The Mammoth Cave Hotel, 110 years old, and said to be the oldest large resort hotel in the United States, was burned to the ground Saturday. The fire swept rapidly through the famous old wooden structure that had sheltered many celebrities on their visit to the cave.

Capital punishment was abolished in Arizona at the recent election. Other states who have abolished the death penalty are Kansas, Maine, Michigan, Minnesota, North Dakota, Oregon, Rhode Island, South Dakota, Washington and Wisconsin.

John A. Archibald, president of the Standard Oil Company, died at his home in Tarrytown, N. Y., Tuesday of last week. He started in the oil business as an office boy, and worked himself up until he became the head of one of the largest corporations in the world.

John E. Osborne, assistant secretary of state, resigned Saturday and will return within a month to his home in Rawlins, Wyoming, to devote himself to private business. His successor has not been named. He was appointed in 1913 and with two exceptions has held the office longer than any of his predecessors.

The destruction of probably one thousand persons working in a Russian ammunition factory was reported in the Russian newspaper Ryetsh, according to a press bureau statement Saturday. The newspaper said the explosion was at the factory at Lasatannaya at a time when one thousand workmen were employed, "all of whom evidently perished."

"California Favorite," grand champion steer at the International live stock show sold for \$1,997.50 at auction in Chicago last week. The animal, which was the property of the University of California, was bid in by the Sullivan Packing company, of Detroit. He is a Hereford short horn and the price \$1.75 a pound, was 25 cents higher than the record mark heretofore.

Twenty-one thousand, five hundred dollars is the price paid by John von Herberg of Seattle for Funderne Mutual Fayne Valdessa, a junior yearling Holstein bull, at the sixth annual Pacific international exposition. The price paid is the highest ever given for a single animal on the Pacific coast. The bull's mother was the world's champion 2-year-old butter producer.

Miss Edith Colby, a newspaper reporter convicted of second degree murder for shooting A. C. Thomas, a Thompson Falls, Montana, politician, was sentenced Saturday to serve ten years in the penitentiary. The defense contended Thomas had refused to apologize to Miss Colby for an alleged insult in an interview and that this so preyed upon her mind that she was not responsible for her actions at the time of the shooting of Thomas.

Secretaries of the members of the House of Congress want their pay raised from \$1,500 to \$2,000 a year. They held a meeting Friday to devise means to pry the increase out of Congress. High cost of living and the fact that secretaries to senators get \$2,000 and have somebody else to do a good share of the work are their arguments. Heretofore it has not been unusual for members of Congress to take the \$1,500 allowed for a secretary and then hire one for \$1,000 or so, or even to get along without any.

Vessels sailing Friday from New York to Europe carried 2,289 passengers, many returning to their native lands for the Christmas holidays. The St. Louis, for Liverpool, had 599 cabin passengers, the largest number ever carried by the boat. She also carried 7,239 sacks of mail, a record only exceeded by the Lusitania, which once carried eight thousand sacks. Robert Bacon, former ambassador to France, was a passenger, going to France to supervise the work of the American Ambulance Hospital.

A resolution has been introduced in the United States senate by Senator Shafroth of Colorado, proposing an amendment

to the constitution of the United States providing for the election of president and vice president without intervention of the electoral college. The resolution also provides the term of the president and vice president shall be six years from the third Tuesday of January after the election and fixing the time when terms of senators and representatives shall begin.

Birthday Surprise.

One of the most pleasant social events occurred on December 8, 1916. It was a birthday surprise on Mrs. W. G. Cumpston at the home of Mrs. Clara Batchelor in Deepwater township. It being her seventy-third birthday. The event was planned and successfully carried out. The decorations were very pretty. The colors were green, red and pink and a large bouquet of American Beauty roses, pink and white chrysanthemums. Tokens of love from Mr. and Mrs. C. W. Hedrick. In the center of the table was a large cake with seventy-three lighted candles. Those present to enjoy the happy event were Mr. and Mrs. C. W. Hedrick, and Mr. Ed Collins of Kansas City, T. D. Day, Mr. Charley Johnson, Mr. and Mrs. W. G. Cumpston, Mr. and Mrs. T. H. Cumpston, Mr. D. M. Cumpston, Mrs. Clara Batchelor and daughter, Nena, Mr. Clarence A. Varns, and Miss Rena Varns.

One who was present.

Mrs. Hannah Richardson Dead.

Mrs. Hannah Richardson died at her home, on South Mechanic street, in this city, Wednesday morning, December 6, after a several weeks illness of pneumonia. The deceased was born at Mt. Jefferson, Ohio, January 10, 1842, and was united in marriage with Caleb Richardson September 14, 1860. She is survived by one son, E. E. Richardson, of Joplin, and Mrs. Harry Funk, of near Butler. She is also survived by two sisters, Mrs. H. Welch, and Mrs. Aaron Duncan, of Kansas City.

The funeral services were held Thursday afternoon at the Presbyterian church in this city and interment made in Oak Hill cemetery.

GERMAN RAIDER OUT

Merchant Vessel Was Stopped in the Atlantic by the Warship.

London, Dec. 9.—A German warship has succeeded in running the British cordon in the North Sea, according to the report of a ship captain who says his vessel was held up and examined in the Atlantic.

The vessel is not a converted merchantman, the captain said on his arrival here, but a regular light cruiser.

Halifax, N. S., Dec. 9.—Warning of a possible German sea raider has been given allied shipping by British naval authorities here, in addition to the continued warning concerning two fighting submarines believed to be somewhere off the Atlantic Coast. The strictest watch against the vessel suspected of being a raider was being maintained today, since from the position where it was last sighted it could reach the waters in this vicinity within a day or two.

Naval officers believe the vessel may have mines intended to be sown off this port, the most important on this coast to the British navy, or to endanger the travel lanes out of here taken by all Canadian troop ships.

Reports reached here today from St. John, N. B., that following reports of the sighting of a submarine a short distance outside the harbor Friday morning the city ordered all lights extinguished last night and spread the warning to nearby cities and towns. The submarine's presence was reported by three fighting vessels.

Kansas City Parties to Erect Club House Near Rich Hill.

John W. Jamison was in Kansas City Thursday on business, and where he disposed of 272 acres of land, known as the Real river bottom farm, four miles north of Rich Hill, to Kansas City parties for \$3,100. The land was owned by W. W. Ferguson and Mr. Jamison.

It is stated that the Kansas City purchasers will utilize the land as a game reserve, building a fine club house and make other extensive improvements.—Rich Hill Review.

Britain and Germany Fix Plans to Exchange Civilians.

London, Dec. 9.—After protracted negotiations through the medium of the United States arrangements have been made for the exchange of German and British civilian prisoners who are more than 45 years old.

About 4,000 Germans are interned in the United Kingdom and 700 British civilians are interned in Germany. Whether the prisoners will reach their respective homes depends upon the success of the Admiralty in finding a neutral steamer on which to make the exchange.

Preparations are being made to break up the camps for Germans on the Ile of Man and those established for British civilian prisoners in Germany. Only 2,200 of the Germans interned in the United Kingdom expressed a desire to return to Germany. If the opportunity offered many would prefer to go to America, it is said.

The Second Missouri Not Coming Home.

The Missouri Field Artillery, batteries A, of St. Louis, B, of Kansas City, and C, of Independence, who have been stationed on the border since last June have been ordered home and are expected to arrive this week. So far no orders have been issued looking to the return of the Second infantry, with which the Butler boys are serving.

Notice.

We, the undersigned, forbid any hunting or trespassing on our farms:
